

Name: _____

Date: _____

Grade Level: 3rd Grade

In 100 Years...

Directions: In 100 years, the world will be filled with new gadgets and products that have yet to be invented! Write a paragraph (5-7 sentences) about an invention you think will exist in 100 years. How would you use it, and how would it change your life? Be sure to include the following details:

- How will this invention affect your health?
- Will this invention keep you active? How?
- Will it change your food? How?
